Building value

CIVIL CONSTRUCTION | INTERIOR DECORATION | LANDSCAPING

Established in the year 2016, Golden Pearl have been serving the needs of retail, commercial and Residential construction sectors. Our ethos is excellence in design and delivery; working across architecture, master planning, interior design, and graphic design.

Our mission is to understand our clients' cultural, functional, operational and commercial needs, drawing on our experience to facilitate solutions that work. We strive to create the best solutions for client's projects and to ensure high quality and timely project execution. We believe that quality and timing project implementation are very critical to the success of our business.

Golden Pearl is well placed to offer speedy execution in respect of Civil and Interior decoration with a large team of workforce of Civil, Interior and MEP Workers. The company has also created and strengthened in house capabilities for supervision and execution of large turnkey jobs involving the entire scope of interior works like Partition, Paneling, False Ceiling, Furniture and all Interior related Civil works, MEP and finishing works.

We are dedicated to give our best to satisfy every customer by having a solid network with suppliers and field workers. In the long-term business plan. The professionalism at all levels ensures that the planning and preparation gives the customer top quality results. We will always put in front that customer satisfaction is the most important thing to maintain.

All clients are provided with a full-time dedicated team that ensures adherence to budget and timelines.

Our aim is to develop design and implement the most innovative yet cost effective solution for each project irrespective of

its size - whether it is fresh design or a total redesign - to increase the amount of usable space. We incorporate end-to-end process within a project by providing all the required services to design and build your interior space by managing the project from the first point of contact through to handling over the keys.

MISSION

To provide Quality

Every aspect of a project is given the same focus and attention to detail no matter how small, our clients know their brands are in safe hands.

To provide Service

To maintain the highest standards of manufacturing through precision and quality control processes, we use the latest automated machinery, thus reducing labour costs.

To provide Reliability

We can meet your requirement and timeline for one-off prototype, custom or large volume production run joinery.

VISION

Be the premier engineering, construction, and project management organization by achieving extraordinary results for our customers, building satisfying careers for our people, and earning a fair return on the value we deliver.

- **CIVIL CONSTRUCTION**
- **INTERIOR DESIGN**
- **COMPLETE FIT-OUT INCLUDING FF AND MEP (RESTAURANTS AND CAFÉ, HOTELS, RESIDENTIAL AND OFFICES)**
- **SCHEMATIC DRAWINGS / 2D AND 3D PERSPECTIVE**

VALUES

Ethics. We are uncompromising in our integrity, honesty, and fairness.

Safety & Health. We are relentless in keeping people safe from harm, and we provide a healthy work environment.

Quality. We are passionate about excellence and doing our work right the first time. Our reputation depends on our delivered value in the eyes of every customer and community.

People. We inspire each other with important work full of purpose, challenging development opportunities, and rewarding careers. We aspire to be the employer of choice in our industry.

Culture. We actively build a diverse, inclusive, and collaborative work environment where all views are welcomed, openness is encouraged, and teamwork and merit are cornerstones. We are proud of what we do and how we do it—and we enjoy doing it!

Relationships. We build positive, long-term relationships with our customers, joint-venture partners, subcontractors, suppliers, and colleagues that are built on trust, respect, and collaboration.

Innovation. We develop and apply world-class technology. We listen, learn, and seek out the best ideas. We attack complacency and continually improve.

Sustainability. We improve the quality of life in communities where we work by respecting local cultures, engaging local people, and protecting the environment.

- HOSPITALITY CONSULTANCY AND FRESH CHEESE FACTORY SETUP
- SPORTS AND LEISURE (PADEL COURTS, INDOOR AND EXTERIOR)
- LANDSCAPING
- MECHANICAL, ELECTRICAL, PLUMBING

Building better experiences.

Whether the ambition is to improve wellbeing, develop efficiencies or inspire individuals, our broad experience and industry knowledge of commercial fit-out sees us add value to our clients' expectations.

Golden Pearl understands the impact that spaces have on businesses and people. We strive to create exteriors and interiors that people enjoy being in, and we do our utmost to make the journey as enjoyable as the destination.

We respect the trust that our clients put in us to rise to the challenge. Our focus is on offering excellent service throughout the entire project, working transparently and

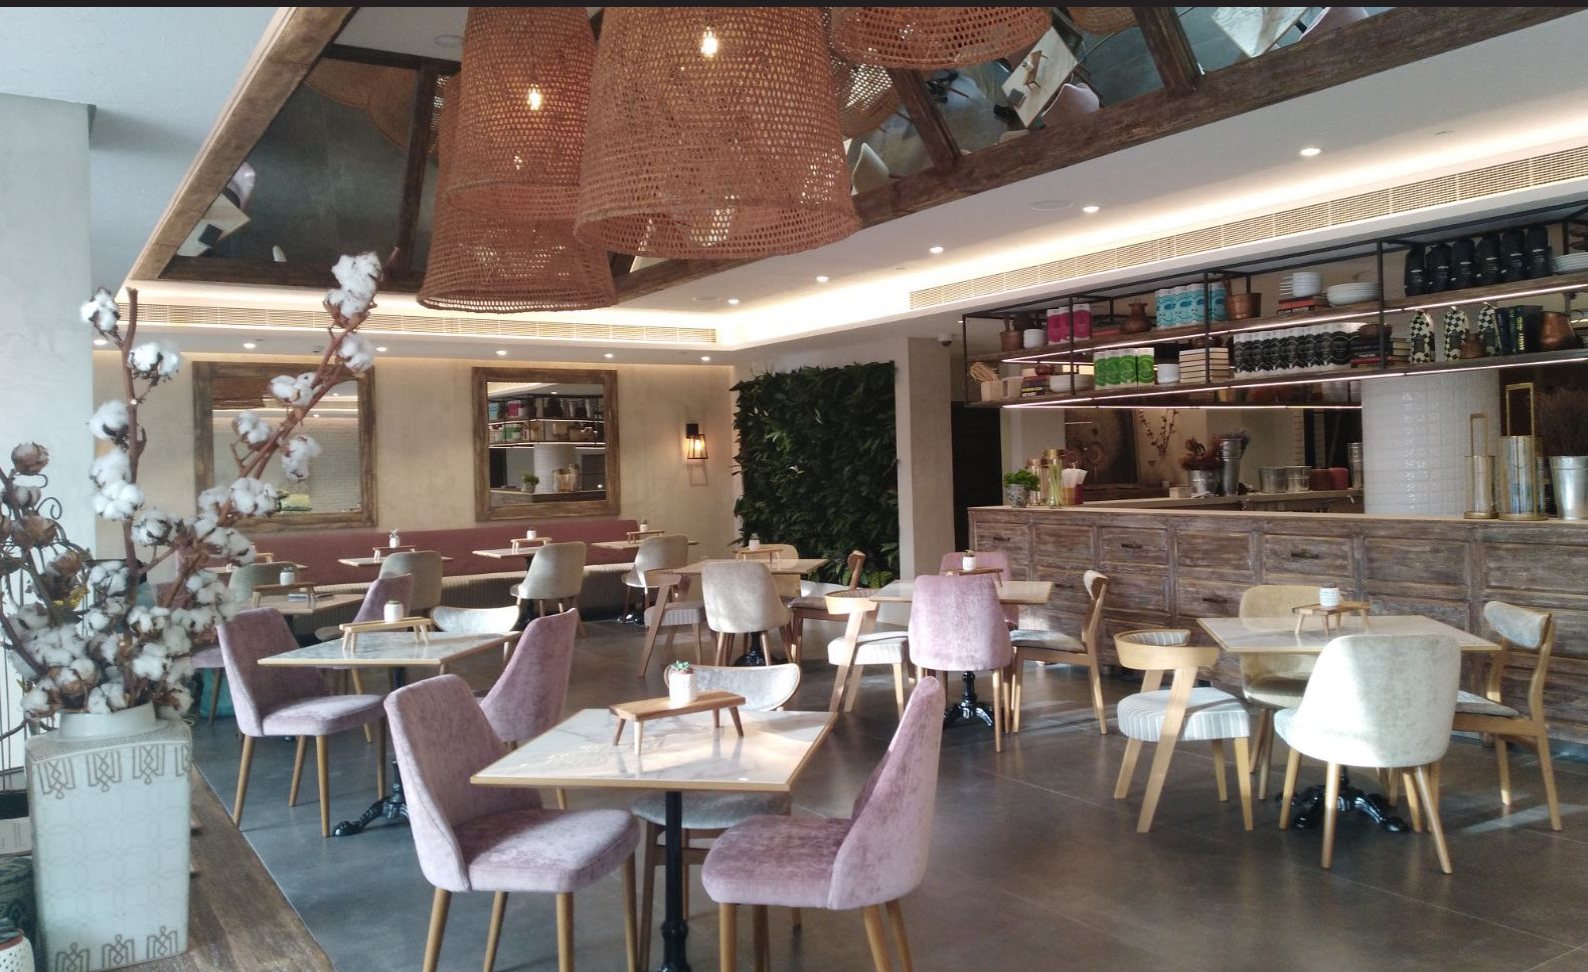

collaboratively and keeping programmes flexible to our client's needs.

One thing that remains unchanged since our inception is our spirit and commitment. No matter how small or large a project is, we will always seek new ways to save our client's time and money while raising the quality of delivery.

We pride ourselves on the high safety standards we set and achieve. Golden Pearl's Health and Safety Policy reflects our approach to ensuring a zero-harm working environment, and the fundamental belief that all work-related injuries and illnesses are preventable.

CIVIL CONSTRUCTION

- Site survey, setting out and excavation
- Shuttering, steel reinforcement bar bending
- Block works, lintel, all grades of concreting and plastering
- Roof hollow core, precast slab/cast in situ concrete

Clever design
converts and changes
according to need.

Golden Pearl is a full turnkey civil and interior service design studio and prides on a committed and invested approach to the entire project process.

Golden Pearl prides in it's design and construct team that exists to help bring brands and spaces to life. Uniquely, we combine planning, design, manufacturing, project management and construction to deliver pragmatic, end-to-end solutions. Our cross-industry experience means all our services are based on an unparalleled understanding of real-world success.

We have our own in-house manufacturing facility and procurement arm. This means we can produce quality bespoke joinery and customize your needs locally and with fast turnaround times. By controlling the

supply chain, including procurement, goods management, logistics and manufacturing, we're able to deliver seamless build experiences, time and cost savings for you and your clients.

We not only strengthen concrete and structures, but by virtue of our constant and zealous pursuit for excellence, we strengthen partnerships with our clients, suppliers and employees alike.

Make
connections that
power our lives.

MECHANICAL, ELECTRICAL AND PLUMBING (MEP)

In building construction, one of the critical components is mechanical, electrical, plumbing (MEP), and fire system designs. The building's essential elements must be built with the greatest amount of diligence to ensure accuracy and excellence. Thus, we provide feasible and long-term

solutions for building projects in various industries, including commercial buildings, hospitals, industrial structures, etc. Our team of engineers develops MEP models and evaluates them for constructability, efficiency, and building maintenance by employing a wide range of skills and deep domain knowledge.

Electrical, Communication and Security Systems.

Power distribution, communication and security systems are an indispensable facet of civil construction, interior and exterior works, providing the lifeblood of power, illumination, safety and security essential for the efficient operation and safety of buildings and premises.

- Survey, Load Calculation and Design.
- Conduiting, Wiring, Earthing and Energization.
- Supply and Fixing of Panels, DB, Busbar and Power and Lighting.
- Telephone, Internet, Fire alarms, Burglar Alarms, CCTV Networks

Heating, Ventilation and Air Conditioning.

Choosing the right air conditioner systems not only allows to properly cool the room but also help to efficiently use the energy. To create and maintain certain temperature, relative humidity and air purity conditions in indoor spaces,

- Site Survey, Calculations and Design
- Ducting, Copper Piping, HVAC and AHU Supply and Fix.
- Split, Window A/c unit, FCU duct unit fixing,
- Fixing of AC Grills, Registers and Diffusers.
- Exhaust ducting and Fan unit fixing.
- Testing and Commissioning.

Plumbing, Drainage and Stormwater disposal.

Plumbing is the one of the essential systems for the distribution of water or gas in a building and for the disposal of sewage. A properly functioning plumbing System is essential for ensuring the delivery of clean and safe water.

- Piping for Hot and Cold Water.
- Piping for Drainage and Stormwater disposal
- Construction of Manholes and Junctions
- Installation of Sanitaryware's, Fittings and Accessories

beauty of nature
at your doorstep.

LANDSCAPING

Landscaping is the imitation of nature in the garden and improves the total living environment of the people. While most people spend the majority of their time indoors, most of us are still undeniably drawn outside to soak in the sights and sounds of nature. There's just something about the sunshine, green grass, pretty flowers, sweet fragrances, and bubbling water features that make the outdoors relaxing and rejuvenating. Our expert team specializes in creating stunning, custom-designed swimming pools and gardens that perfectly align with your unique style.
